

NO-COST FUNDRAISING FOR YOUR COMMUNITY

Clothing Container Fundraising Program

Looking to be of service to your community and increase consumer traffic to your location? Placing a clothing container fundraising program is an excellent opportunity! Help your community place their unwanted/gently used clothing, shoes, apparel, & linens by saving our landfills and give back to low income families in need!

In return this program raises funds for local non-profits and organizations in our communities. Currently we help raise funds for the American Cancer Fund, Rotary International, Eden Autism, and many other local non-profits.
